#### **A summer camp-Un campamento de verano**

A Summer camp is a supervised program for children and/or teenagers usually during the summer months in some countries. The primary purpose of many camps is educational or cultural development.

**better**

**Irregular Comparative**

**Better-mejor**

One syllable regular adjectives add “-er” to the end of the adjective to form the comparative.

**Tall-alto / Taller-más alto**

The adjective “good” is a one syllable irregular adjective. In the case of irregular adjectives these change from their original form.

**Good-bueno / Better-mejor**

**résumé**

**Origin**

The origin of the word *résumé* is French and it means “summary”. A typical *résumé* contains a summary of relevant job experience and education. It is comparable to *curriculum vitae* in many countries, although in the United States it is substantially different as explained in the article.

**applications**

**false cognate**

**Application-una postulación/una solicitud**

When used in the context of job hunting the word *application* is a false cognate. In other words the term looks similar in Spanish and English, but means very different things.

However if used in a different context such as applying make up, paint, or ointments, the word translates literally to *aplicación*.

**friendships**

**Suffix**

**Friendship-la Amistad**

Suffixes alter the form of the words to which they are fixed. The suffix “-ship” means “a state of.”
